Kinnera Kamalakar

Nellore, Andhra Pradesh | +91 78159 68971 | kinnherakamalakar64@gmail.com | LinkedIn | GitHub

Professional Summary

Aspiring Software Engineer with a background in Electronics and Communication Engineering. Skilled in Python, HTML, CSS, SAP MDG basics, and problem-solving. Passionate about software development, AI tools, SAP technologies, and data-driven applications. Seeking an entry-level IT role where I can apply technical knowledge, contribute effectively, and continuously enhance my skills in a professional environment.

Education

NBKR Institute of Science and Technology, Nellore — 2022–2026
B.Tech in Electronics and Communication Engineering — GPA: 7.5/10

PACE Institute of Technology and Sciences, Ongole — 2020–2023
Diploma in Electronics and Communication Engineering — GPA: 6.98/10

Secondary School Education, Nellore — 2019–2020
SSC — GPA: 8.5/10

Technical Skills

Programming Languages: Python, HTML, CSS, JavaScript
Libraries/Frameworks: NumPy, SciPy
Technologies: SAP MDG,(MASTER DATA GOVERANCE)
AI Tools: ChatGPT, Google Gemini, GitHub Copilot
Core Subjects: Operating Systems, Computer Networks, OOP

Projects

Fraudulent Job Detection System — Jul 2025 *NBKR INSTITUDE OF SCIENCE AND TECHNOLOGY*

- Developed an AI-based application to identify fraudulent job postings using NLP and Machine Learning.
- Performed text preprocessing, feature extraction, and model training.
- Improved classification accuracy through feature engineering and data cleaning.
- Reduced false-positive predictions by optimizing model parameters.

Tesla Coil Project

- Designed and developed a Tesla Coil for high-voltage generation experiments.
- Applied electromagnetic induction and resonance principles.
- Gained practical experience in circuit assembly and testing.
- Improved troubleshooting and hardware implementation skills.

Internship

VLSI Intern, NBKR Institute of Science and Technology — Jun 2025

- Worked on VLSI design concepts, semiconductor fundamentals, and digital electronics.
- Learned ASIC design flow, logic synthesis, and verification basics.
- Performed simulations and analysis of digital circuits.
- Developed debugging and analytical problem-solving skills.

Certifications

- IBM Certificate – Python Programming.
- CNA Certificate – HTML Essentials.
- VLSI Design Internship Certificate (2025).
- Business Analysis and Process Management Certification.

Achievements

- Successfully completed multiple academic and technical projects.
- Participated in engineering workshops and technical events.
- Developed practical knowledge in AI, Software Development, and VLSI concepts.

Strengths

- Quick Learner
- Team Collaboration
- Analytical Thinking
- Problem Solving
- Adaptability and Continuous Learning

Languages

English (Professional Proficiency), Telugu (Native)
